

Hi Angelina,

Just been speaking with Brian, he is ecstatic!

Thank you to you and Caroline, he felt supported, not judged, felt completely part of the difficult process and he would highly recommend the two of you.

I very much concur with his sentiments, it was a very positive experience. It was a wonderful to deal with a company who honour their values and completes the contact as promised.

I would have no hesitation in recommending your service.

I will be in touch shortly with two clients, at the moment I am applying for funding, once achieved I will call you.

Have a great weekend!

Warm regards

Susan
